Unit of Study: Nutrition

Bible Story: The Walls of Jericho

Bible Verse: Joshua 24:24 "We will serve the Lord our God and obey Him."

Phonics: This week's letter: Nest N n The jingle is: N says "n", as in nest. N says, "n, n, n".

This week's blends are: na, ne, ni, no, nu (remember to use the short vowel sound).

Homework: When your child brings home a homework page with a "blend ladder" on the back, the instructions say to color the picture and **read the blends**. Please help them to be successful, by asking them to read these blends to you. It's ok, if they need help. They can sound out the letters first and then try to read them. Please make sure they are doing this. If you have any questions, let me know.

Academics to Practice this Week: Number: 9 Shape: Rectangle Color: White (Students may earn a sticker for wearing the color of the week.)

Share Time: The students may bring one item related to nutritious food.

Harvest Party: As a Christian school, we do not celebrate Halloween. Instead, we will have a "Harvest Party" to celebrate harvest and the fall season on Friday, Oct. 15th, during our morning snack time. Special snacks: Pumpkin muffins, apple wedges, cheese cubes, carrot sticks, candy corn and apple juice. Only students who usually attend school on Fridays will attend this party (our T/Th students will have a party in November).

Home Enrichment Activities:

- Take your child grocery shopping with you. Point out foods that are in different food groups (dairy, protein, grains, and fruits & vegetables), and pick up something new to try with your child!
- Involve your child in the process of packing their lunch for school. If your child does not stay at school for lunch, have them help you pack yourselves some lunches and go on a picnic!
- Have your child help you make a nutritious dinner for the whole family! Include all the food groups in your meal. Ask your child for their ideas for dinner, and work from there.
- Pray and thank God for giving us so many blessings, including food to eat.
