Enrichment Activities:

- Read a book about flowers and blossoms. Have fun looking at all the different kinds of flowers and blossoms God has created! Your child can also learn the different names for each flower.
- Plant some flower seeds and help your child water them each day. Have fun watching them grow! Your child will really enjoy this activity.
- See how many rectangle shaped items you can find around your house.
- Have fun looking for pink items inside and outside of your house. Have your child name the items.
- Here is a fun activity that you and your child can do together. Go outside and pick different flowers and have your child help you put them in a vase or any container you are able to find. Your child will have fun helping you arrange the flowers. You can use artificial flowers too!

Bible Story: Please read Luke 5:17-26 together! In this story, there was a man who was unable to walk. The word for this is paralyzed. He asked his friends to take him to see Jesus. His friends had to carry him to where Jesus was. When they got to the house, it was filled with so many people that the man's friends had to take him up to the roof. They had to use special tools to cut a hole in the roof. Then they lowered their friend down to see Jesus. Jesus, did indeed, heal the man. He told the man to get up. The man obeyed Jesus and got up, and he was able to walk! Do you think he was happy? I think he was very happy that he had been healed by Jesus! We can use our legs to walk, too! It must have been so exciting to see Jesus perform another miracle!

God Bless!
