Enrichment Activities:

*On a cloudy day, lay on the grass and look up at the passing clouds. Talk about what each cloud looks like. What do you see – a certain shape, animals, or object?

*Blow bubbles and see what direction the wind blows them!

*Fly a kite on a day with a nice breeze.

*Talk about different types of clouds: Cirrus clouds are the thin, wispy "feather-like" clouds, cumulus clouds are white puffy clouds that look like floating cotton, and stratus clouds are grayish clouds that often cover the entire sky. They resemble fog that doesn't reach the ground. Learn more at: <http://www.weatherwizkids.com/weather-clouds.htm>.

*Talk about how Jesus loves children and welcomes them with open arms. In fact, it says in the Bible in Matthew 18:3, that to come to God, we must come as a child! Talk about how we can come to Him any time of day; He is always listening and loves when we talk to Him!

God bless you all,
Miss Molinar
