Share time: Students may bring one item related to the Unit of study.

Rain Cloud Snack: We will be enjoying a yummy "cloud" snack on Thursday, January 28th, for the T/TH and 5-day students. We will be eating whipped topping and blueberries!

Progress Reports: Progress reports will be sent home at the end of this week. The progress report envelope needs to be signed and returned by Feb. 5th.

Enrichment Activities:

- "Color & Match Clouds"- This simple color matching activity works on more than just color recognition. It also works on fine motor skills and counting. You will need some paper cutouts of clouds, markers in a variety of colors, crayons of the same, and a mix of small items, like buttons, beads, and pom poms. Start by writing the color names on your clouds. As you do the activity, you can point out the word and individual letters as well. Have your child color the clouds. Tape the clouds down to help avoid any slipping while playing. Add your bowl of bits and pieces and have your child start matching. You can also have your child count the colors, count the beads vs. pom poms. There are many opportunities for learning.
- "Creating a Wind, Air, and Cloud Collage" - Collages are a simple way for your child to extend their understanding of different concepts that they are exploring. Gather any kind of materials you can possibly think of, such as pictures of from magazines, pictures from off the computer, provide markers and crayons or tissue paper and pipe cleaners for your child to make their own clouds, wind, and air. Once you have all your materials, a bottle of glue and a piece of cardstock paper, have your child start their collage.
- Review our weekly Bible story with your child - "Jesus Blesses the Children" (Matthew 18:2-6). Jesus said to His disciples, "Unless you are as trusting as these little children, you will never see the Kingdom of heaven."
